Artist’s message:

The thought behind my design felt fitting for APK Charities, an organization that raises awareness and support for our active, retired, wounded, and fallen warriors and their families. Service dogs are trained to help veterans who have disabilities. More importantly, they are trained to mitigate the symptoms of PTSD by providing emotional support. The patches on the dog are typical of a veteran service dog, but the "PK" patch pays homage to Captain Andrew “PK” Pedersen-Keel, the fallen soldier for whom APK Charities was created.
